

PARENT REQUEST FOR A TEACHER

It is the policy of North Shore Community School to consider requests made by a parent for their child to have a certain teacher or not to have a certain teacher.

Teachers of common grade levels meet to determine class groupings for the following year and strive for a balance of the following factors in building class lists: academic ability, teacher time required by the student, conflicting personalities among students, children who become too dependent on one another, negative and positive student-to-student relationships, Title I and Special Education needs, teaching styles (occasionally).

In order for a request to be considered, this form must be filled out, including a detailed description for your reason, and presented to the director by March 1st of the year before enrollment. Class lists will be posted on the exterior window near the main doors by the end of August.
